Getting the most out of life

Who we are

We are the **Sheffield Association for Spina Bifida and Hydrocephalus**

We are a registered charity, based in **Sheffield**, supporting everyone with Spina bifida and/or hydrocephalus in the local area. Since **1964**, we have helped individuals, families and carers by: befriending individuals and introducing them to our community, hosting social events to reduce isolation, giving specialist advice in areas such as care, treatment, education and housing, providing small-scale financial aid for specific needs.

Our team consists of part-time staff and many generous volunteers. We have invaluable personal experience of supporting loved ones with spina bifida and hydrocephalus. We're here to offer support that is tailored to the needs of each person we meet.

What we do

SHASBAH provides befriending and welfare support to everyone in the Sheffield postal district affected by spina bifida and hydrocephalus. We regularly come together as a community for larger events such as seasonal parties, picnics, trips to local attractions and fundraising activities.

We continue to work with medical teams at Sheffield hospitals to improve treatment experiences and increase awareness.

We also provide specialist advice and guidance on benefits, education and health needs on a 1:1 basis.

Below are some of our regular events and recent projects.

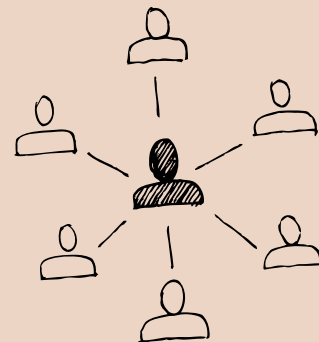

What funds do

1

Delivery of support and activities

From play sessions for preschoolers to social groups for older members, your donations help us run weekly events that build confidence, reduce isolation, and bring people together

2

Offer one-to-one support tailored to individual needs

With your help, we can provide hospital visits, travel training, and advocacy - ensuring no one faces challenges alone.

3

Create unforgettable experiences

Funds help us run inclusive seasonal events and residentials that give members a break from routine, a chance to connect, and memories that last.

4

Respond when families need us most

Your support means we can give small grants, provide signposting, and offer a listening ear through our befriending service - right when it's needed most.
